

Agreement of Commitment to Summer Ball

_____ (Parent Name)

_____ (Player Name)

Greater Victoria Baseball Association (The GVBA)

Both the Parent and the Player hereby commit to support the GVBA and their team mates in their mission to develop and improve players for the summer ball season. The GVBA provides the opportunity for the Player to develop and participate in a higher level of baseball than the spring season, which may result in play in Zone, Provincial and National championships as the case may be.

As partners to this endeavor, both the Parent and Player commit the following to the success of this endeavor:

- The Player will participate fully in the skill standards for the team, in whatever position the player is asked to play; and
- The Player and the Parent acknowledge that play may be limited based on the skill level of the Player and such amount of play will be solely determined by the manager of the team; and
- Regardless of the amount of play that the manager shall determine for the Player, unless the player is legitimately injured, the Player and Parent hereby commit to complete and participate fully in the entire summer season as the season progresses; and
- The Parent will provide monetary support as is reasonably required and determined by the team and support the team in its endeavors to compete in any championships representing Victoria; and
- The Parent will serve as a representative in whatever capacity is reasonably required by the team business manager to further its goal as is required by the team; and
- The Parent will encourage the Player to participate fully in all activities; and
- The Parent and Player acknowledge that full payment of the summer season fee plus any uniform deposit must be paid to GVBA prior to tryouts for the team(s), and that such payment will only be refundable should the Player not be selected to participate on the team(s); and
- The Parent and the Player shall not sign this Letter of Commitment or participate in tryouts or the summer season unless the parent and the player are committed to the entire summer season under the terms and conditions outlined above.

Acknowledgement and Acceptance dated _____, 2010:
